

Free Subject Knowledge CPD for Maths Teachers

Teacher Subject Specialism Training

DfE funded subject knowledge enhancement course, aimed at teachers who are currently delivering GCSE maths.

Participants will learn how to scaffold activities so that all students make progress and explore different methods of encouraging mastery of topics through problem solving.

The focus will be on the new topics to Higher tier GCSE.

Functions

Trapezium
Rule

Quadratics

Exponentials
& Trig

Venn
Diagrams

The most effective teachers have deep knowledge of the subjects they teach. As well as a strong understanding of the material being taught, teachers must also understand the ways students think about the content. - "Developing Teachers" Sutton Trust, Jan 2015

The most effective professional development lasted at least 2 terms – "Developing Great Teaching" Teacher Development Trust, June 2015
