

Frost Fest

Longfield Academy's annual arts festival took place on December 19th, showcasing the work of students from across the Expressive Arts Faculty. Throughout the day students explored Frost and Arts themed topics in their lessons. At breaktime and lunchtime they were also entertained by some of our wonderful musicians, actors and dancers. Matisse College hosted an exhibition of artwork produced by students from all year groups, including a massive range of spectacular artwork displayed by the year 12 Art & Design students. The day culminated in an evening concert featuring some wonderful performances by our Music, Dance and Drama BTEC groups, along with the Longfield Academy School Choir and representatives from throughout the school. Well done and congratulations to all involved for a successful event.
